XClutch Ford Mustang V8 Range

The Ford Mustang is one of the most iconic vehicles ever created and is arguably one of the most modified cars with thousands of aftermarket parts available around the world. XClutch offer a wide range of performance upgrades to suit vehicles that have had performance modifications resulting in increased horsepower and torque. These kits are designed to harness the extra power and help put more to the ground. With extensive in-house testing and development, XClutch offers a range of clutch upgrades to suit everything from the daily driven performance car through to dedicated motorsport applications.
